SUPPORTED INDEPENDENT LIVING

Our experienced staff support people to pursue interests and hobbies, make friends, plan holidays and participate in the community. Whether living alone or with other people with disability, we support people to maintain their home and complete day-to-day household activities including meal planning and cooking, washing or even maintaining a vegetable garden.

Whether you have your own home and would like Hartley to support you, or you would like to live with others with a disability in a home already supported by Hartley Lifecare (Hartley), please contact the Senior Manager of NDIS and Service Development on 02 6282 4411.

Hartley supports people with disability including people with high complex needs.
